Dehradun

July 2021 – July 2024

### S.G.R.R Public School

*Intermediate*

Dehradun

July 2021

## TECHNICAL SKILLS

---

**Languages:** JavaScript, TypeScript, HTML/CSS

**Frameworks:** Next.js, Tailwind

**Developer Tools:** Git, GitHub, Redux-Toolkit, VS Code, Visual Studio, Postman

**Libraries:** React, React-Redux

## PROJECTS

---

### TSP Cares | *Next.js, JavaScript, Tailwind, Git, Vercel*

[Live](#)

- Developed a Next.js and Tailwind CSS donation website with an intuitive user interface and added a feature to donate money.
- Integrated Razor Pages for secure donation transactions and automated email receipts.
- Deployed the website on Vercel for high availability and scalability.

### Portfolio | *React, Tailwind, JavaScript, Git, Netlify*

[Live](#)

- Created a personal portfolio website using React, Tailwind CSS, and JavaScript, showcasing essential details and a personalized messaging feature.
- Implemented a feature to allow visitors to send personalized messages directly to me for inquiries or collaboration opportunities.
- Developed an aesthetically pleasing and user-friendly website to showcase my skills, experience, and projects.

### OneStore | *React, TypeScript, Tailwind, Git, Formik, Vercel*

[Live](#)

- Developed an E-commerce site using React, TypeScript, and Tailwind CSS, fetching data from APIs for dynamic product listings.
- Used React, TypeScript, and Tailwind CSS to create a visually appealing and responsive e-commerce website.
- Implemented a secure login/logout feature, providing personalized user experiences and protecting sensitive information.
- Enabled users to add items to their cart, allowing for seamless shopping experiences and easy checkout.

### To-Do WebApp | *React, JavaScript, Tailwind, Git, Vercel*

[Live](#)

- A Responsive React-based to-do app with JavaScript and Tailwind CSS, enabling users to create, delete, and mark tasks as completed.
- Implemented local storage functionality to store task data, ensuring data persistence across page refreshes.

## CERTIFICATIONS

---

### CodeYogi

*Web Development with React*

July 2022 – Jan 2023
